

Mainiero's Offers 100 Years Of Retail Service In South Jersey

Mainiero's Appliances & TV and Mainiero's Jewelry at 1888 South Delsea Drive in Vineland are both South Jersey's oldest appliance & TV dealer *and* the area's oldest independent jewelry store. Founded in 1908, and now in its fourth generation, Mainiero's is a success story the family is proud of.

Mainiero's first store was a barber shop with a small front counter displaying jewelry, and later, radios and small appliances. By 1935, with the increasing availability of electric appliances, the shop evolved into the first Mainiero's Appliance Store, located at 739 Landis Avenue.

In 1945 the business relocated 508 Landis Avenue, just off the Boulevard. In 1959 the steadily growing Mainiero's moved to 201 Landis Avenue, and expanded to include 203, 205, and 207 Landis Avenue. With each move new products and services were added, and in 1998 the family business moved into its present location:
